2016 SMS Science Fair Wants You to Help Be Part of the Solution...not the Precipitate.

If you enjoy science and are a good listener, you have the “chemistry” to be a judge!

This year’s Saint Mary School 7th grade Science Fair will be held from 6-8pm December 15th and 8-10am on the 16th. We are in need of report judges at the end of November and event judges in mid-December for this exciting and educational event. We understand this is a very busy time of year with holiday planning, but we appreciate your time, talent and service to benefit the scientific education of our students.

For questions or to sign up, please contact Nicole Baker at nmbaker05@gmail.com or at 847-279-3483 by November 14th with the following information; name, phone number, email, judging availability (report judge, Thursday event judge, Friday event judge)

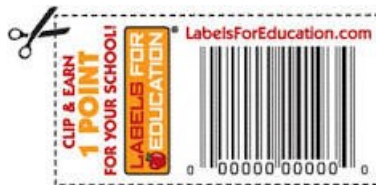

The next FSO Meeting is Tuesday November 8 at 7pm in the Lunchroom.

All are welcome to attend!
